

FLEXUS CORE 200

3.1.2-CHANNEL DOLBY ATMOS SOUND BAR

IT STARTS HERE

The Klipsch Core 200 Sound System, powered by Onkyo, lays the foundation for amazing movie nights, gripping gaming campaigns that go late into the night, and streaming the next binge-worthy show. Powered by exceptional acoustics and Klipsch transport technology, this 3.1.2-channel sound bar is the first step towards building the whole home entertainment ecosystem of your dreams.

POWERED BY ONKYO

We've teamed up with Onkyo, combining their decades of proven manufacturing and tech prowess with our classic Klipsch acoustics, to ensure your home entertainment system is as epic in audio quality as it is in reliability.

CUSTOM-TUNED, BEST BASS IN CLASS

This 3.1.2-channel sound bar engages listeners in immersive Dolby Atmos with two 2.25" elevation drivers, four front-firing 2.25" aluminum drivers tuned by Klipsch acousticians and dual 4" built-in subwoofers. For clear dialog at any volume, the Core 200 also employs a dedicated center-channel tweeter.

AWARD-WINNING

The Klipsch Flexus Sound System has been raking in the awards. Check out the hype from CES and as seen on Rolling Stone.

IMMERSIVE, SPATIAL SOUND

The Flexus Core 200 was built for processing the newest movies, shows and games featuring Dolby Atmos technology in two 2.25" built-in elevation speakers. Dolby's immersive audio formatting enhances your experience by placing sounds precisely around and above you, creating a realistic, multidimensional audio environment.

YOU'RE IN CONTROL

With the Klipsch Connect Plus app, access:

- EQ presets or your own custom EQ mix
- Night Mode
- Dialogue Boost
- Volume control
- And more to come

CRYSTAL CLEAR DIALOGUE

The Flexus Core 200 Sound System features legendary Klipsch technology in a dedicated horn-loaded tweeter for vocal clarity so you won't miss a word. Dramas with tense dialog or action-packed thrillers sound clearer than ever thanks to the dedicated center channel built into the Core 200.

CHOOSE YOUR CORE

Not sure where to begin? It all starts here: Check out the key differences between Flexus Core 300, Flexus Core 200 and Flexus Core 100 (this model) to choose the right foundation for your home audio setup.
