

Klipsch

AUSTIN

BRING THE ENERGY AND PASSION OF THE WORLD'S LIVE MUSIC CAPITAL TO THE PALM OF YOUR HAND

TRANSPORT YOURSELF

A mini-but-mighty 1.5" full-range driver powers impressive audio output while dual passive radiators display deep, resonating bass.

SOUND CHECK, ONE TWO

With just a tap on your Klipsch Connect Plus app (available for free in the app store), you can customize EQ settings for your ideal mid-range, and treble, receive over-the-air firmware updates, receive access to support.

BRING THE BAND TOGETHER

Party people, pay attention — the Klipsch Austin features Broadcast Mode allowing playback on up to 10+ Klipsch Music City (or other Broadcast Mode enabled) speakers.

SUPERIOR CONNECTIVITY

You're free to move and groove with Bluetooth 5.3 true wireless technology for seamless stereo playback. Stay connected up to 40-feet away from the Klipsch Austin for total flexibility.

PLENTIFUL POWER

Whether you're traversing 6th Street, the Warehouse District, or hiking down your favorite trail, the Klipsch Austin's long-lasting battery has you covered for up to 12 hours on a single charge.

TAKE CHARGE

Enjoy 18W USB-C charging for fast, effective power when and where you need it. And when it comes time to pack, that's one less cord to pack, if you've got a newer phone that also uses USB-C.

BUILT-IN STRAP FOR A CONCERT ON-THE-GO

The Austin is small enough to go with you, and with the built-in strap it's easy to attach it to your bag, handlebars or keep it with you wherever you go.

DON'T MISS A BEAT

Plans change, and the Klipsch Austin is adaptable too. You won't miss a beat with the built-in microphone, allowing you to pause the music to take a quick call without having to search for your phone.

RUGGED AS HILL COUNTRY, SMOOTH AS SUMMER NIGHT

The Klipsch Austin is IP67 rated for dust and water. .AKA completely protected from dust and submersible up to 3 meters for 30 minutes.
